

M.A.T. PROGRAM @ CHIRICAHUA

Our Medication Assisted Treatment (M.A.T.) Program can benefit those who have developed a drug dependency (including opioids) and those who suffer from chronic pain

**CONFIDENTIAL
CARING
PROFESSIONAL**

For patients who are undocumented or uninsured we have a Sliding Fee Discount Program - we turn no-one away based on their ability to pay. We also accept most commercial insurances as well as Medicaid (AHCCCS - both Banner and Arizona Complete).

**WE'RE HERE TO
HELP YOU**

OUR APPROACH

The M.A.T. Program at Chiricahua Community Health Centers across Cochise County combines Case Management, Counseling and Treatment with the use of Buprenorphine (Suboxone).

Our team of caring professionals are here to support you in your recovery. Tell your CCHCI medical provider that you are interested in our M.A.T. services or call the program directly with any questions you might have. We're here to help!

Chiricahua Community Health Centers, Inc. (CCHCI) is a mission driven Federally Qualified Health Center and a tax exempt not-for-profit 501(c)(3) organization. Founded in 1996 as a small, rural health clinic operating in a community center, CCHCI has since grown to become the largest primary care organization in southeastern Arizona, serving more than 30,000 patients annually. CCHCI operates fourteen fixed-site medical clinics, and seven mobile-medical and mobile-dental units, that serve patients throughout the more than 6200 square mile borderlands of Cochise County.
